

Open Train

New this year, Flying Feet is excited to offer Open Train opportunities. The building (both obedience and agility arena) will be available for both members and non-members to drop in and train with your friends. There will be either "heeling" called in the obedience area for approximately 30 minutes or a Rally course set up. Otherwise, obedience area is available for training on your own. The obedience area is fully matted for Novice, Open or Utility practice. Separate agility arena is 70 X 110 and will have a course set up to practice on your own (a map of current course set up is usually viewable online). Cost is \$25 per person (any number of dogs). Kids 18 and under are free when accompanied by a paying adult. Open Train is free to annual members.

Fall Schedule
